# INTRODUCTION TO VOLUME II

---

---

## Caseload Information

---

Volume II of the *Indiana Judicial Service Report* consists of caseload information for every trial court in Indiana, with subtotals for each county. This volume is produced with the assistance of the trial courts, which must file quarterly reports on case statistics with the Division of State Court Administration.

For a description of the Indiana judicial system, data on Indiana's appellate-level courts, statewide totals, and comparison tables and trends, the reader should refer to *Volume I – Executive Summary* of this report. Volume III of this report contains data on the expenditures and revenues of every court in Indiana. The Probation Report includes data on adult felony, adult misdemeanor, and juvenile probation activity in Indiana.

---

## Caseload Reports and Case Type Descriptions

---

Each quarter, Indiana's trial courts provide caseload information to the Division by filing a Quarterly Case Status Report ("QCSR"). This report contains summary information, by case type, on the number of cases filed and pending, the movement of cases between courts via transfer or venue, and the method by which a case was disposed during a reporting period. In 2007, all courts began reporting these statistics online using the

Indiana Courts Online Reporting (ICOR) system, through INcite, the Judicial Technology and Automation Committee's secure extranet for court information.

In addition to the cases that are handled by a specific court, the Quarterly Case Status Report tracks the amount of judicial resources available to a court and the time that a judge spends hearing cases in another court. The QCSR also captures other case-related information that can be used to administer and improve court projects and initiatives. For example, data is collected tracking the number of cases referred to alternative dispute resolution or for which pauper counsel was appointed, the number of cases that required the service of a court interpreter and the number of juvenile cases in which a guardian *ad litem*/court appointed special advocate was appointed.

Case information is categorized by case type using the classification code outlined in Indiana Administrative Rule 8(B)(3). Currently, criminal cases are divided into eleven categories, juvenile cases into six categories, and civil cases into sixteen categories. An administrative case type called "court business record" is also recorded. Case type designations and categories are as follows:

---

## Criminal Case Types

---

If a defendant is charged with multiple offenses, the case is counted only

one time under the most serious charge, combining the rest of the charges within the case. Even if the prosecutor later amends the charges, for administrative purposes, a case continues to be counted under its initial case designation in the statistical reports. Each defendant is assigned his or her own case number.

1. **MR - Murder:** All murder cases filed on or after 1/1/2002 are filed under this category. If the State seeks either the death penalty or life without parole that information is reported in the Quarterly Case Status Report.
2. **CF - Criminal Felony:** This category includes all cases filed prior to 1/1/2002 as Murder or Class A, B, and C felonies. Although no new filings are permitted for this category, existing cases with a CF designation are still reported and disposed in this category.
3. **FA - Class A Felony:** All Class A felonies filed on or after 1/1/2002. Examples include kidnapping, voluntary manslaughter with a deadly weapon, and arson involving bodily injury.
4. **FB - Class B Felony:** All Class B felonies filed on or after 1/1/2002. Examples include aggravated battery, rape, child molesting, carjacking, and armed robbery.
5. **FC - Class C Felony:** All Class C felonies filed on or after 1/1/2002. Examples include involuntary manslaughter, robbery, burglary, and reckless homicide.
6. **FD - Class D Felony:** All Class D felonies filed on or after 1/1/2002 plus all Class D felonies filed before 1/1/2002 that have the case type DF. Examples of crimes in this category include theft, receiving stolen property, computer tampering, and fraud.

7. **CM - Criminal Misdemeanor:** This category includes all criminal cases filed as misdemeanors. Examples of crimes in this category are criminal trespass; check deception, harassment, and battery.
8. **PC - Post-Conviction Petition:** This category includes all petitions for post-conviction relief filed under the Post-Conviction Rules.
9. **MC - Miscellaneous Criminal:** This category includes all criminal matters which are not easily classified as felony or misdemeanor and which are not part of an ongoing proceeding. An example of a case falling into this category would be a probable cause hearing in a case not yet filed. When a search warrant is issued before charges are filed, an MC case number is assigned for the search warrant and should be disposed of via a bench disposition. If charges are pressed, then a case in the appropriate category should be filed.
10. **IF - Infractions:** Although infractions are technically non-criminal in nature, infractions are reported in the criminal category for the purposes of this report. Infractions are typically traffic-related offenses. Similar to other criminal cases and ordinance violations, multiple offenses (i.e., multiple tickets or citations issued to the same individual or arising from the same circumstances) result in only one case filing.
11. **OV/OE - Ordinance Violations:** These involve local ordinance violations. If an ordinance violation must be enforced through court proceedings, it is given an OV case type. The OE case type is used if the violator will not be charged a filing fee in accord with I.C. § 33-37-4-2(d). If found to have violated a non-exempt ordinance, the violator will be assessed the filing fee. Moving traffic

violations must be enforced through a court proceeding. A municipal corporation may enforce many ordinance violations, however, without proceeding in court. The municipal corporation may enforce other ordinances (exempt ordinances) by establishing a violations clerk who accepts the admissions of violation and payment of civil penalties. In the event a violator chooses to challenge an otherwise exempt ordinance, the case is given case type OE and no filing fee is assessed, even if the violator is ultimately unsuccessful.

---

### Juvenile Case Types

---

Each child considered by the court system shall receive a separate cause number, regardless of his or her familial relationship to another child. This requirement is in accord with state statutes that require each individual child to be considered and addressed as an individual and not as a family group.

1. **JC - Juvenile CHINS:** This category reflects those cases before the court where a child is alleged to be a child in need of services as defined by I.C. § 31-34-1-1 *et. seq.* The case is counted as a new filing when a petition for detention hearing or when a request for authority to file a petition alleging that a child is in need of services is filed. Each child should be given a separate case number. Examples include circumstances where the child is not receiving and is unlikely to receive care, treatment or rehabilitation without court intervention.
2. **JD - Juvenile Delinquency:** Cases in which a child is alleged to be a delinquent are filed in this category. I.C. § 31-37-1-2 defines a delinquent act as one that is committed by a child before becoming eighteen (18)

years of age and that would be an offense if committed by an adult. The case is recorded as a new filing when a petition for detention hearing or a petition alleging delinquency is filed.

3. **JS - Juvenile Status:** Cases in which a child is charged with committing an offense which would not be a crime if committed by an adult are filed in this category. Examples include curfew violations, school truancy and underage alcohol purchase or consumption.
4. **JP - Juvenile Paternity:** This includes paternity actions filed by any of the parties specified by statute, including the prosecutor. (I. C. § 31-14-4-1 identifies who may file paternity actions.) A support action pursuant to a paternity affidavit would receive a JP classification. Protective orders should not be combined with the JP case type, even if they involve the same parties.
5. **JM - Juvenile Miscellaneous:** This category applies to juvenile matters which are not specifically listed in the previous juvenile case type categories. One example is the approval by the court of an informal adjustment.
6. **JT - Termination of Parental Rights:** This category includes all proceedings for termination of parental rights. In termination of parental rights cases involving multiple children, a separate case number must be assigned to each child, as well as each parent.

---

### Civil Case Types

---

Civil cases are filed when the plaintiff or Petitioner seeks monetary damages or court redress.

1. **CP - Civil Plenary:** All Civil Plenary cases filed before 1/1/2002. Although no new filings are permitted for this category, existing cases with a CP designation are still reported and disposed in this category. Generally, this category covered cases founded in contract, actions dealing with real and personal property, and actions seeking equitable or injunctive relief.
2. **PL - Civil Plenary:** All Civil Plenary cases filed on or after 1/1/2002. Basic civil cases not otherwise specifically included as separate categories are filed with this designation. Generally, these cases may be more complex cases not involving a mortgage foreclosure or the collection of an outstanding debt. Frequently cases involving contract disputes and actions seeking equitable or injunctive relief are assigned this case type.
3. **MF - Mortgage Foreclosure:** All Mortgage Foreclosure cases filed after 1/1/2002 are reported in this category.
4. **CC - Civil Collection:** All Civil Collections filed after 1/1/2002, are reported in this category, and may include the following: proceedings supplemental as an independent action; suits on notes and accounts; general collection suits; landlord/tenant suits for collection; ejectment; and tax warrants. If these cases are filed on the small claims docket of a court or the small claims division of a multi-division court, the SC case type should be used.
5. **CT - Civil Tort:** Cases founded in tort and filed on the regular civil docket of the court are included in this category. Small claims, which also could be founded in tort, are included in a separate category.
6. **SC - Small Claims:** This category includes cases filed on the small claims docket of Circuit, Superior, or County courts, as well as cases filed in the Marion County Small Claims Court. While city and town courts may have cases that fall within the monetary limits of small claims jurisdiction, those cases are not defined as small claims by statute and must be counted as PL – Plenary or CC – Civil Collection, depending upon the nature of the action. Small claims actions include cases where the amount in dispute is \$6000 or less, landlord-tenant ejectment actions, and landlord-tenant disputes.
7. **DR - Domestic Relations:** Actions involving petitions for dissolution of marriage, legal separation, and petitions to establish child support are filed in this category.
8. **RS - Reciprocal Support:** Actions for reciprocal enforcement of child support (URESAs) and petitions for modification of support or custody and/or support under the 2007 Amended Uniform Child Custody Jurisdiction Act are counted in this category.
9. **MH - Mental Health:** Proceedings involving mental health commitments, including temporary commitments, an extension of temporary commitment, regular commitment, or termination of a commitment, are filed under this category.
10. **AD - Adoption:** Petitions for adoption are filed under this category. Additionally, on or after 1/1/2002, petitions seeking release of adoption records are filed in this category.
11. **AH - Adoption History:** All petitions seeking release of adoption records filed prior to 1/1/2002 received this designation. Although no new filings are permitted for this category,

existing cases with an AH designation are still reported and disposed in this category.

12. **ES/EU- Estates:** This category includes both supervised and unsupervised probate of estates. Claims against the estate that are transferred for trial are listed as civil, or CT, matters. However, a dispute over a will is conducted under the estate case number and the resolution defines the manner in which the estate will be probated.
13. **GU - Guardianship:** Petitions for appointment of guardians are filed under this category. A guardianship case is considered “closed” when the court enters an order appointing and approving the guardianship.
14. **TR - Trusts:** This category includes trust matters before the court. This case type includes trusts that have been created through an estate and are separately reported from the estate.
15. **PO - Protective Order:** New petitions for protective orders which are not part of an ongoing process (such as marriage dissolution) are filed in this category. However, if the parties subsequently file a petition for dissolution, the cases remain separate for reporting, enforcement and retention purposes.
16. **MI - Civil Miscellaneous:** Routine civil matters which are not easily categorized in other areas and which are not part of any other pending litigation may be included in this category. Examples are petitions for name change, appointments of appraisers, petitions for emancipation, a proceeding to reinstate a driver’s license that has been administratively suspended, a Habeas Corpus case from DOC, and marriage waivers.

---

## Administrative Case Type

---

1. **CB - Court Business Record:** This category includes non-case specific matters, such as the appointment of a judge *pro tem* or the appointment of pauper counsel, drawing the jury, adopting or amending local rules, or recording a foreign protective order. The case type assists the court in having reference numbers for court business activities and will promote a smooth transition to the statewide case management system in the near future.

---

## Disposition Categories

---

The Quarterly Case Status Reports also include summary dispositional information. A brief description of the disposition categories is as follows:

1. **Jury Trial:** This category reflects cases that have been decided by a jury or have gone to the jury. This type of disposition is limited to cases where the jury is seated and sworn and the court has received evidence.
2. **Bench Trial:** Cases that are disposed of by the court after a trial in which a witness is sworn. Until 1999, cases in which a trial did not take place were also counted as disposed by bench trial. After 1999, such cases have been included under “bench disposition.”
3. **Bench Disposition:** Cases that are disposed by final judicial determination of an issue, but where no witnesses are sworn and no evidence is introduced, should be counted in this category. These dispositions include decisions on motions for summary judgment, hearings on other dispositive motions, and settled cases in which the parties tender an agreed

judgment to the court for approval, which can then be enforced through proceedings supplemental to execution. Approval of informal adjustments in juvenile matters and issuance of search warrants unrelated to any pending case also generally fall into this category. This category was new, and voluntary, during 1999. It became mandatory beginning January 1, 2001.

4. **Dismissed:** This applies to cases which are dismissed either by the court on its own motion (Trial Rule 41(E)), upon the motion of a party, or upon an agreed entry as the result of settlement between the parties.
5. **Default:** This category is applicable only in civil cases, infractions and ordinance violations where the defendant fails to comply with the trial rules and a judgment of default is entered by the court.
6. **Deferred/Diverted:** This category was added in January 2002. If a prosecutor and defendant agree to defer prosecution or for the defendant to enter a diversion program, the case is disposed in this category. Even though the case is not formally dismissed until the completion of the deferral obligations, this category permits the criminal courts to reduce their pending caseloads by the number of cases where the cases will eventually be dismissed. Likewise, even though diversion programs are generally part of a guilty plea, they fall into this category as a way for the state to track the number of defendants consenting to the programs.
7. **Guilty Plea/Admission:** Cases in which the defendant pleads guilty to an offense or admits to the commission of an infraction or ordinance violation are counted under this category. Infraction and ordinance violation cases are only reflected in this disposition category if

the case actually comes before the court for decision, or the case involves a moving traffic violation, pursuant to I.C. § 34-28-5-1. Also included in this category are dispositions of juvenile cases where the juvenile admits the claims, or the father admits paternity; and in protective order cases where a party admits to the claims in the protective order.

8. **Violations Bureau:** This disposition category reflects infractions and ordinance violations that have been filed in the court but are handled through a violations bureau, or if the county does not have an established bureau, a payment clerk. Cases counted here include those in which a defendant makes an admission, pleads guilty, or pays a fine through the bureau, through the clerk, or through the mail, rather than in court. However, infractions or ordinance violations that involve moving traffic violations may not be disposed in this category even if the driver pays the ticket/citation, pursuant to I.C. § 34-28-5-1.
9. **Closed:** Routine closing of an estate or adoption proceeding, as well as the routine termination of a trust or guardianship are counted in this disposition type. Also included in this category are cases where the defendant has filed bankruptcy or the case is removed to federal court.
10. **FTA/FTP:** This category includes ordinance violation cases and infraction cases in which the defendants fail to appear or fail to pay. Once counted in this category, the case is not recounted even if the defendant later appears, pays, or proceeds to a full trial.
11. **Other:** Any case disposition that is not otherwise accounted for in the preceding categories may be included here. One example would be a case

resolved by the death of the defendant or the case was opened in error.

---

## Movement of Cases

---

In addition to cases being filed and disposed, cases may be venued or transferred between courts.

1. **Venued In/Out:** Cases that have been filed in a court but are moved to another county for any reason should be listed in this category.
2. **Transferred In/Out:** Cases that are transferred from one court to another within the same county, or from one court docket to another (such as a move from small claims docket to the civil plenary docket), should be recorded here. In the event a motion for change of venue from the judge results in a transfer of the case to another court in the same county, the case should also be counted in this category.

---

## Court Services Information

---

The cases filed in the courts are assigned to a particular court pursuant to the county's local caseload allocation plan. Various court services are provided based on the individual needs of the litigants and the judges. The following are services and judicial provisions the courts track on the quarterly statistical forms.

1. **Special Judge Service:** Pursuant to Trial Rules 76, 79 and 79.1, and Criminal Rule 13, judges serve as a special judge on a case due to a conflict with the originally assigned judge, which results in a recusal. The courts report cases where the reporting judge serves as a special judge on other court's cases and reports cases where a special judge is serving in the reporting court. The

case is reported the first quarter in which the special judge is assigned.

2. **Cases with *Pro Se* Litigants:** The courts report cases in each case type category in the first quarter in which any party has proceeded without attorney representation at any point in the case while the case remains open. A case is only reported **once**, however, even if many parties have proceeded *pro se*, or if the status of the litigants changes one or more times during the course of the case. The criminal and juvenile courts count a criminal or juvenile case as *pro se* if, after the hearing in which the defendant is offered an attorney, the defendant refuses one and acts on his/her own behalf thereafter. For a civil case, the courts determine *pro se* status starting from the moment the complaint or petition is filed. If a plaintiff files a civil case without the assistance of an attorney, the court counts that case as *pro se*. If a defendant files a document or attends a hearing without an attorney, the court counts the case as *pro se*, unless the plaintiff's *pro se* status was already included. Frequently, those courts that exercise small claims jurisdiction and/or handle infractions and ordinance violations will have multiple cases falling into this category. Litigants who are defaulted are not to be counted as *pro se*, since no information about representation was obtained. A case may be counted *pro se* at any time the court believes at least one party is acting on his or her behalf without the assistance of counsel. **Each case may be counted a maximum of one time as *pro se* in the life of the case and that should be reported in the quarter that the Court first determines a litigant's *pro se* status.** Courts may look to appearance forms, filings (if a person files something or appears without an attorney), attendance at hearings *pro se*, or any other factor for this

determination. The Supreme Court uses the statistics reported on this line to obtain funding and provide enhanced resources for *pro se* litigants, frequently tailored to the case type.

3. **Cases Referred to Alternative Dispute Resolution:**

As defined by ADR 1.1, recognized alternative dispute resolution methods include arbitration, mediation, conciliation, facilitation, mini-trials, summary jury trials, private judges and judging, convening or conflict assessment, neutral evaluation and fact-finding, multi-door case allocations, and negotiated rulemaking. A court may order any covered case to proceed with a form of ADR prior to conducting further court proceedings. If ADR is successful on all issues before the court, then the court will report the case dismissed as the disposition type. Regardless of whether ADR is successful though, the first quarter in which the case is referred to ADR, the courts report the referral on the quarterly statistical report. The statistics are used by the Supreme Court to encourage ADR plans and other services for the courts in resolving the cases outside of the courtrooms. Currently the Indiana Judicial Center and State Court Administration administer Family Court ADR plans for domestic relations cases and juvenile paternity case.

4. **Appointment of Public Defenders:**

The courts report the cases where a public defender has been appointed at county expense or partial county expense.

5. **Appointment of GAL/CASA:**

Guardians *Ad Litem* (GAL) and Court Appointed Special Advocates (CASA) are reported in certain case type categories and the reported numbers should correspond with the related GAL/CASA program for that county.

The Supreme Court uses the statistics to track the appointments to support grant proposals as well as identify counties needing more resources. The courts report the case in the first quarter in which a guardian or advocate is appointed during the life of the case.

6. **Use of Court Interpreters:**

The courts report the appointment of a court interpreter as well as the language interpreted in the first quarter the case used the service. The Supreme Court began its Certified Court Interpreter Program in 2003 and currently is certifying interpreters in the Spanish and French languages. The Supreme Court plans to certify other interpreted languages in the near future.

## APPOINTED JUDICIAL OFFICERS

---

Appointed judicial officers assist the elected judge with the court's caseload. Frequently courts share appointed officers based on case types, weight of cases, extended absences, etc. Magistrates, Commissioners, Referees and Hearing Officers are considered "regularly assigned" judicial officers and are thus considered when the Division of State Court Administration compiles the Weighted Caseload Report. The following describes each type of appointed officer.

**MAGISTRATES** – A magistrate must be an attorney and is appointed by the county judges, but is paid by the state. Magistrates are full time employees who serve in one or more courts. They have full judicial authority except they may not issue a judicial mandate or enter a final appealable order unless sitting as a judge *pro tempore* or special judge on the case. The presiding judge must countersign all final appealable orders. However, beginning July 1, 2008, magistrates may enter final orders in protective order and small claims cases.

### COMMISSIONERS/MASTER

**COMMISSIONERS** – All counties with a voting population over 7,000 may appoint a probate commissioner. The titles "Commissioner" and "Master Commissioner" appear to be interchangeable. Specific statutes permit commissioners or master commissioners to be appointed, such as I.C. § 33-33-5-4 – Blackford, I.C. §33-33-15-4 – Dearborn, I.C. § 33-33-49-16 – Marion, I.C. § 33-33-59-4 – Orange, I.C. § 33-33-84-9 – Vigo, I.C. § 33-33-89.3-6 – Wayne. Commissioners generally have the same jurisdiction as magistrates, but are paid by the county. The presiding judge must countersign all final appealable orders.

**REFEREES** – A referee is appointed by a circuit or superior court judge and serves at the pleasure of the judge and performs the duties assigned by the judge. Referees can be appointed to serve in various courts, including special courts such as environmental court (I.C. § 13-10-1-10), domestic relations courts (I.C. § 31-12-1-9), certain juvenile courts (I.C. § 31-31-3-6) and small claims divisions of superior and circuit courts (I.C. § 33-29-3-3). Based on assignments, the referee will make recommendations to the presiding judge for rulings but does not enter rulings independently.

**HEARING OFFICERS** - Hearing officers are new judicial officers in Indiana. Only a few counties have hearing officers (see I.C. § 33-33-2-4 – Allen, Vanderburgh Local Rule 4.04 – Family Court). The statutes permitting counties to hire and pay hearing officers have vested the officers with the authorities granted magistrates.
